

Camp on 10.7.19 for industries operating without consent

RO RPCB UDAIPUR

The President
UCCI
Udaipur

Sir,

With reference to above subject, it has been directed by the Hon'ble NGT that no industry should be allowed to operate without consent to operate from the state board and the Member Secretary has made it very clear that closure of such units should be ensured. In the light of the above , a camp for such industries is proposed on 10.7.19 at UCCI as discussed with Shri Manish Galundia VP in which RPCB persons will remain present to help the industrialist .The above may be circulated to all the industries , soapstone industries in particular looking to the fact that Udaipur is critical in reference to air pollution

With Regards

REGIONAL OFFICER
